Important Notice to Animal Owners Involved in the Show

The Irish Shows Association would advise all animal owners who have their animals insured to have the insurance cover extended to cover them while showing animals at shows. We

understand that it costs very little, or nothing at all, to do so, depending on who you have your insurance cover with. If you are one of the few people who does not have cover, we would advise that you think about putting it in place for this purpose. It may well be worthwhile. The reason for us giving you this advice is to protect yourself in the event of your animal lashing out and injuring someone or damaging someone's property. If that were to happen, and it is established that your animal was out of your control, you may be held fully or partly responsible for any injury or damage caused and may end up paying all or part of any settlement reached.

MINISTERS MESSAGE

Message from Dara Calleary TD Minister for Rural and Community Development and the Gaeltacht

Welcome to the 2026 Ballyshannon Agricultural Show

As Minister for Rural and Community Development and the Gaeltacht, I am delighted to be in a position again this year to support the Ballyshannon Agricultural Show for 2026. Funding of over €1 million is being provided through the Irish Shows Association to support 126 shows across the country including the show here in Ballyshannon Agricultural Show.

Rural Ireland is rich in heritage and in culture, and agriculture has played a central role in that. Our Agricultural Shows are a celebration of rural life, rural tradition, innovation and rural excellence. They are an occasion in the rural calendar to showcase local produce and livestock, together with artisan foods and crafts. They are an all-round great day out and I would encourage everyone to get along to their local shows this year.

This year we see an increase in the number of shows taking place across the country, again demonstrating the value communities place in these events. The meitheal and resilience evident in these shows is so encouraging as towns and villages right across the country host their local shows and the associated competitions across many different categories.

The sheer effort and determination of committees, volunteers and stewards must be acknowledged. The way in which these shows deliver great occasions for trade exhibitors, competitors and visitors is a fantastic achievement and, I as Minister for Rural and Community Development and Gaeltacht, am proud to support them.

I want to wish the Ballyshannon Agricultural Show every success for the 2026 season. No doubt it will be a huge success with a host of exhibits and competitive opportunities for local livestock and produce to be viewed and recognised for its excellence.

I wish all those who compete and visit the show a very enjoyable day and continued success to those taking part in the competitions. Keep up the good work!

CATTLE SECTION

Animal Identification and Movement (AIM) Notification

1. The movement of cattle to and from an Agricultural Show/Fair within the State must be recorded on the AIM System.
2. With effect from 4 February 2019 there is a specific Certificate of Compliance for the "Movement of Bovine from a Single Holding to a Show", form NBAS 31K refers.
3. The herd keeper must obtain the Certificate of Compliance prior to the movement of animals. The certificate can be created by (i) applying on-line using their agfood account or (ii) where the keeper is not on-line the certificate can be generated by the local Regional Veterinary Office (RVO) following receipt of a completed form NBAS 31 K.
4. The creation of a certificate is subject to normal movement criteria such as clear TB test etc.
5. A copy of form NBAS 31K is included at Appendix 2 and will also be available on www.gov.ie.
6. When applying for this certificate, the Show/Fair number is not required. The certificate generated will include an "S" symbol.
7. The Certificate of Compliance for a show will continue to be valid for a period of up to 30 days. As is currently the case, these can be used for the movement of animal/s to several shows during the validity period of the certificate. Requests to the RVO should be provided with sufficient time to allow for the certificate to be generated and issued especially where one cert expires, and another is required immediately. Keepers who are likely to attend at consecutive shows are strongly advised to apply using herd keepers' on-line facility. The ability to create and print a certificate immediately (subject to the bovine meeting the relevant criteria) will remove issues which can arise where a certificate is already in place and a further certificate is required.
8. Calves which are less than 10 days old cannot be moved to a Show.
9. The Movement Notification Section of the Certificate should be completed and signed by the keeper. The form should also be signed and stamped by the Show Secretary who must clearly indicate the Show Number. The Show movement must be recorded on the passport. Ultimate responsibility for fulfilling these requirements lies with the Show Secretary.
10. If the animal/s move from the show to a herd other than the source herd, the new destination herd must also sign the certificate.
11. Completed forms must be sent by the Show Secretary to the local RVO within seven days of the Show. Failure to have movements recorded within the required time scale may have implications for the herd keeper/s involved.

SHEEP

SHEEP NOTE: COMPLETED DISPATCH DOCUMENTS MUST BE PRODUCED BEFORE YOU WILL BE ALLOWED TO COMPETE.

SPECIFIC REQUIREMENTS - SHEEP

Identification:

All sheep must be identified individually with appropriate ear tags issued in accordance with the requirements of the National Sheep Identification System (NSIS).

Movement Documentation:

All consignments of sheep being moved must be accompanied by a completed dispatch document. Individual details of each sheep in the consignment must be recorded on the document. Sheep from non-restricted flocks only can be moved to shows. In the case of flocks restricted following diagnosis of scrapie, sheep possessing the ARR/ARR genotype only may be exhibited. The movement of these ARR/ARR genotype sheep must be accompanied by the relevant movement permit (SCR/10), which can be obtained from the Regional Veterinary Office responsible for the county in which the flock is located.

AIM Notification

The movement of sheep to and from an Agricultural Show within the State must be recorded on AIM. This is done using a copy of the owner's sheep dispatch document as follows:

1. The owner/keeper presents the signed and completed dispatch document to the show secretary who checks it to ensure that it is completed in full.
2. The show secretary fills in the MART section of the dispatch document with (i) the show number, (ii) the date of the move back to the source holding (iii) stamps it with the show stamp and (iv) signs the dispatch document.
3. The show secretary then forwards the completed pink section of the dispatch document to the local RVO within 7 days of the show movement.
4. The show secretary keeps the white copy for their records.
5. The source/destination keeper keeps the bottom yellow copy to enter it into their flock register.

Ultimate responsibility for fulfilling this requirement lies with the Show Secretary.

Flock Register

All movements of sheep to and from shows must be recorded in the keeper's flock register.

- 1.Exhibits must be the property of the exhibitor for at least 14 days prior to the Show.**
